The authors have noticed that one of the equations contains a typographical error which may confuse readers. We have included the equation here for the reader's convenience.

The typo concerns Eq. (A.3) in Appendix A. The correct version of this equation should read:

\[
KL(q(\theta), p(\theta|m)) = \frac{1}{2} \log |C_\theta| - \frac{1}{2} \log |C_{\theta|m}| + \frac{1}{2} \left( \mu_{\theta|m} - \mu_\theta \right)^T C_\theta^{-1} \left( \mu_{\theta|m} - \mu_\theta \right). \tag{A.3}
\]
