Corrigendum

Scott A. Guerin⁎, Michael B. Miller

Department of Psychology, University of California Santa Barbara, Santa Barbara, CA 93109-9660, USA

The authors have discovered a technical error in the Methods section of their manuscript. Specifically, in describing the differences between Experiment 1 and Experiment 2, the authors neglected to mention that, in Experiment 2, the stimulus duration in the study session was reduced from 2 s to 1.5 s.
