

Hematology Employment Opportunity

Join a Leading Healthcare System in South Florida

Memorial Cancer Institute, part of the Memorial Healthcare System, one of the largest public healthcare systems in the nation, is seeking a hematologist to join a multi-disciplinary team of dedicated professionals at the Memorial Cancer Institute. This is an excellent opportunity to join an already established program that enjoys a strong reputation in the community, a fully supportive environment and a state-of-the-art facility. Memorial Cancer Institute's blood and bone marrow transplant program is accredited by the Foundation for the Accreditation of Cellular Therapy (FACT). The Memorial Cancer Institute is home to the only program in Broward County dedicated to providing comprehensive treatment for blood-related cancers such as lymphoma, leukemia and multiple myeloma. Modeled after the hematologic cancer programs found in leading university hospitals across the nation, the Leukemia and Lymphoma Program provides a multidisciplinary approach to the treatment of blood-related cancer. Candidates must be BE/BC, fellowship trained from an accredited ACGME program, and have proven clinical interest in a dedicated hematologic setting. The candidate will enjoy an opportunity to conduct institutional research initiatives and to actively participate in clinical research, both through patient enrollment and participation in forums. This is a full-time, employed position with competitive benefits and compensation package.

About Memorial Cancer Institute at Memorial Healthcare System

Memorial Cancer Institute is taking cancer care to the next level, diagnosing and treating some of the most prevalent cancers in the United States, including lung cancer, breast cancer, leukemia/lymphoma/multiple myeloma and gastrointestinal cancers. With a focus on research and clinical trials, Memorial Cancer Institute finds innovative solutions to the most complex cases – collaborating with some of the best cancer research networks in the country to allow patients access to advanced therapies and new drugs in development.

Memorial Healthcare System is the third-largest public healthcare system in the United States. A national leader in quality care and patient satisfaction, Memorial has ranked 11 times since 2008 on nationally recognized lists of great places to work, in Modern Healthcare magazine, Florida Trend magazine and Becker's Hospital Review, just to name a few.

About South Florida

South Florida offers a dynamic urban/suburban lifestyle with an abundance of cultural and recreational amenities, miles of beautiful beaches, top-rated golf courses, zoos and wildlife refuges, a vibrant arts community, museums and world-class dining. South Florida's high quality of life – including year-round summer weather, exciting multiculturalism and no state income tax – attracts new residents from all over the country and around the world.
